## HOW TO CITE RULES AND RSMo

**RULES**—Cite material in the *Missouri Register* by volume and page number, for example, Vol. 28, *Missouri Register*, page 27. The approved short form of citation is 28 MoReg 27.

The rules are codified in the *Code of State Regulations* in this system—

Title	Code of State Regulations	Division	Chapter	Rule
1	CSR	10-	1.	010
Department		Agency, Division	General area regulated	Specific area regulated

They are properly cited by using the full citation , i.e., 1 CSR 10-1.010.

Each department of state government is assigned a title. Each agency or division within the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraph 1., subparagraph A., part (I), subpart (a), item I. and subitem a.

**RSMo**—The most recent version of the statute containing the section number and the date.

## Executive Order 05-26

WHEREAS, I have been advised by the Director of the State Emergency Management Agency that the States of Louisiana, Mississippi, Florida, and Alabama are requesting assistance under the Emergency Mutual Aid Compact (EMAC), codified in Missouri at Section 44.415, RSMo, in response to Hurricane Katrina; and

WHEREAS, the EMAC is designed to protect the safety and welfare of the citizens in the affected participating EMAC states; and

WHEREAS, as a result of Hurricane Katrina, hundreds of thousands of inhabitants in the coastal communities of the States of Louisiana, Mississippi, Florida, and Alabama have been forced to evacuate this disaster stricken region; and

WHEREAS, due to the widespread loss of power and inhospitable conditions in the disaster stricken region, the ability of many health care facilities to provide necessary care to patients that were hospitalized prior to, or as a result of, Hurricane Katrina has been severely compromised; and

WHEREAS, the conditions wrought by Hurricane Katrina have necessitated the immediate evacuation of these vulnerable patients and their caregivers from the disaster stricken region and requires their placement in affiliated healthcare facilities where proper care can be rendered; and

WHEREAS, these patients and their caregivers have requested refuge in certain affiliated healthcare facilities located within the State of Missouri; and

WHEREAS, protection of the safety and welfare of the citizens in the affected communities requires an invocation of the provisions of Section 44.415, RSMo, which provides for emergency mutual aid with other states, and Section 44.100, RSMo, which authorizes the Governor to waive or suspend the operation of any statutory requirement or administrative rule regarding the licensing, certification or issuances of permits evidencing professional skills during the existence of a state of emergency.

NOW, THEREFORE, I, MATT BLUNT, GOVERNOR OF THE STATE OF MISSOURI, by virtue of the authority vested in me by Section 44.100, RSMo and Section 44.415, RSMo do hereby declare a state of emergency in Missouri occasioned by the impending influx of substantial numbers of hospitalized individuals from the disaster stricken regions of Louisiana, Mississippi, Florida, and Alabama to affiliated healthcare facilities in the State of Missouri. This influx of patients will compromise the ability of Missouri health care providers to care for existing patients as well as evacuees, creating a substantial risk to the safety and welfare of inhabitants of the State of Missouri. As such, I do hereby suspend the operation of any statutory requirements or administrative rules

regarding the licensing, certification or issuance of permits evidencing professional skills for the healthcare providers accompanying and providing direct care to evacuees in affiliated healthcare facilities. The suspension of the appropriate statutory requirements or administrative rules regarding the licensing, certification or issuance of permits to the subject healthcare providers shall only apply with regard to their treatment of evacuees from the disaster stricken regions of Louisiana, Mississippi, Florida, and Alabama and only for treatment rendered in affiliated healthcare facilities.

This order shall terminate upon the declaration of an end to the emergency, or October 15, 2005 unless extended in whole or in part.

WHEREAS, I have been advised by the Director of the State Emergency Management Agency that the States of Louisiana, Mississippi, Alabama and Florida are requesting assistance under the Emergency Mutual Aid Compact (EMAC), codified in Missouri at Section 44.415, RSMo, in response to Hurricane Katrina; and

WHEREAS, the medical community and the states impacted by Hurricane Katrina have requested that patients requiring evacuation and treatment be given refuge at health care facilities located within Missouri, whether existing or established for the specific purpose of providing treatment to evacuees; and

WHEREAS, an influx of substantial numbers of patients from the states impacted by Hurricane Katrina will overburden health care professionals in Missouri unless additional health care professionals licensed in other states are permitted to assist with the care of these individuals; and

WHEREAS, protection of the safety and welfare of the citizens in the affected communities requires an invocation of the provisions of Section 44.415, RSMo, which provides for emergency mutual aid with other states, and Section 190.500, RSMo, which authorizes the temporary licensure of out-of-state healthcare providers in Missouri when the Governor has declared a state of emergency pursuant to Section 44.100, RSMo.

NOW, THEREFORE, I, MATT BLUNT, GOVERNOR OF THE STATE OF MISSOURI, by virtue of the authority vested in me by Section 44.100, RSMo and Section 44.415, RSMo do hereby declare a state of emergency in Missouri occasioned by the impending influx of substantial numbers of hospitalized individuals from the disaster stricken regions of Louisiana, Mississippi, and Alabama and Florida to healthcare facilities in the State of Missouri. Whereas, I have been advised by the Director of the State Emergency Management Agency that the Federal Emergency Management Agency (FEMA) is requesting assistance in relocating disaster victims from those States impacted by Hurricane Katrina to the State of Missouri; and

Whereas, FEMA has asked Missouri to provide any necessary support, to include, personnel, equipment, and resources, in order to provide for the efficient operation of this relocation effort; and

**EXECUTIVE ORDER  
05-30**

WHEREAS, since 1990, the Office of Administration, State of Missouri has endeavored to "establish and implement a plan to increase and maintain the participation of certified socially and economically disadvantaged small business concerns or minority business enterprises, directly or indirectly, in contracts for supplies, services, and construction contracts, consistent with targets determined after an appropriate study conducted to determine the availability of socially and economically disadvantaged small business concerns and minority business enterprises in the marketplace;" pursuant to Senate Bills 808 & 672 passed by the General Assembly and signed into law by then Governor Ashcroft; and

WHEREAS, such a study was conducted and found statistically significant disparities in state contractual expenditures for construction and the purchase of goods and services, as compared to the ready, willing and able minority and women-owned business enterprises (M/WBEs) in the state; and

WHEREAS, Executive Order 98-21 established goals to increase the percentage of goods and services procured from certified M/WBEs; and

WHEREAS, the goals for M/WBE participation established in Executive Order 98-21 have not been substantially met; and statistically significant disparities in state contractual expenditures for construction and the purchase of goods and services from minority and women-owned businesses in the state still exist; and

WHEREAS, on September 27, 2004, Behavioral Interventions, Inc. filed a lawsuit in the U.S. District Court, in the Western District of Missouri challenging the propriety of Missouri's M/WBE program. In January 2005, a preliminary injunction was issued ordering the Office of Administration, State of Missouri to suspend the placing of M/WBE requirements in any procurement by the State of Missouri. Because of the uncertainty created in the aftermath of the litigation, the program has undergone comprehensive revision not only to withstand constitutional scrutiny, but also to more adequately address the compelling needs and obstacles of minority and women-owned businesses to gain greater access to business opportunities, both public and private, within the state of Missouri; and

WHEREAS, the State of Missouri is dedicated to the compelling governmental interest in remedying race and sex based discrimination in a manner consistent with state and federal law; and

WHEREAS, the State of Missouri is committed to enhancing the economic health and prosperity of the state by promoting the greater use of minority and women-owned businesses. Job creation for Missouri residents, and therefore the success of minority and women-owned businesses, are paramount goals of this Administration; and

WHEREAS, the State of Missouri will gain enormously from improvements in expanded business opportunities for Missouri residents created by the expansion of minority and

women-owned businesses and through the additional tax revenues generated by those individuals and businesses; and

WHEREAS, to further these goals, which are of the highest priority of this Administration, it is the policy of this Administration to develop economic opportunities for minority and women-owned businesses wherever possible.

NOW, THEREFORE, I, Matt Blunt, Governor of the State of Missouri, under the authority vested in me under the constitution and the laws of this state, to fulfill the mandate of the General Assembly in Senate Bills 808 & 672 and to pursue the compelling interest of remedying discrimination, do hereby declare the following narrowly tailored policies and procedures shall be adopted by the Executive Branch of state government in procuring all types of goods and services:

1. The Office of Supplier and Workforce Diversity (OSWD) is established to replace the Office of Equal Opportunity. All the authority, powers and privileges of the Office of Equal Opportunity is transferred to the OSWD. The Director of OSWD shall be appointed by the Governor. The Director of OSWD shall report to the Commissioner of Administration. The Director shall have primary responsibility for assisting in the coordination and implementation of affirmative action throughout all departments of the executive branch of state government, including programs to increase M/WBE participation, and advising the Governor on issues regarding equal employment opportunity, affirmative action, and efforts to administer affirmative action goals and timetables for implementation throughout the departments of the executive branch.

The Office of State Compliance Officer is hereby abolished. The Director of OSWD shall be the State's chief compliance officer for the executive branch of state government to ensure that the State of Missouri is complying with all federal and state laws concerning equal employment opportunity and affirmative action. If needed, the Director shall assist each department in developing an Affirmative Action Plan of Implementation. Additionally, the Director of OSWD shall review progress reports of the departments and shall meet biannually with each department director to evaluate departmental results and determine the course of future affirmative action goals, timetables, recruiting, planning, and implementation. The results of each meeting shall be reported in writing to the Governor and Commissioner of Administration.

Not later than January first of each calendar year, the Director of OSWD shall provide a report to the Governor and the Commissioner of Administration which summarizes the activities of each department pursuant to this Order and which contains recommendations for additional programs to accomplish the purposes of this Order.

The Commissioner of Administration shall provide the Director of OSWD with such facilities, staff, resources, equipment, and supplies as are necessary to carry out the duties set forth herein. The Director of OSWD shall submit a proposal each fiscal year to the Commissioner of Administration detailing the

needs of the Office of Supplier and Workforce Diversity.

2. All state agencies shall continue to make every feasible effort to target the percentage of goods and services procured from certified MBEs and WBEs to 10% and 5%, respectively. These efforts shall include participation in an Executive Branch Contract Compliance Council which shall, in cooperation with the OSWD, review procurement efforts to assist in meeting the requirements of this Executive Order.
3. The Divisions of Purchasing and Materials Management (PMM) and Facilities Management, Design and Construction (FMDC) within the Office of Administration shall be authorized to implement the following programs to increase M/WBE procurement:

- a. PMM shall be authorized to encourage prime contractors to subcontract with M/WBEs on all contracts of \$100,000 or greater. OSWD contracts shall include a provision for participation which will allow the bidders to tailor a plan to fit the contract. Mandatory percentage goals of M/WBE participation shall not be established in violation of federal or state law. M/WBE participation shall be encouraged by PMM in consultation with OSWD and the user agency depending on the availability of M/WBE vendors in the applicable commodity/service and geographical area. PMM shall consider M/WBE participation as a significant factor in a contract bid. The M/WBE participation will be evaluated along with other criteria in the award of a bid. It is intended that 10% MBE and 5% WBE percentage is desired. The participation can be met through the use of prime contractors, subcontractors, suppliers, joint ventures, or other arrangements that afford meaningful opportunities for M/WBE participation.

OSWD in conjunction with PMM shall also appoint a M/WBE Purchasing Manager for the purpose of promoting and coordinating the participation of M/WBEs in State of Missouri contracts.

- b. FMDC shall be authorized to evaluate M/WBE participation in design contracts, as part of the quality-based selection process, for construction projects worth \$1.5 million or more. On contracts with lesser value, FMDC shall make special efforts to target M/WBEs as prime contractors. Overall participation targets for each fiscal year shall be 10% MBE and 5% WBE; however, mandatory percentage goals shall not be established in violation of federal or state law. The targets may be met through the use of prime contractors, subcontractors, joint ventures, or other arrangements that afford meaningful opportunities for M/WBE participation.

FMDC shall also be authorized to seek participation of M/WBEs on construction contracts. The targets shall be set on a project by project basis by FMDC in consultation with the OSWD, taking into account the availability of M/WBE contractors in the applicable geographic area and construction trade, with the overall participation targets for each fiscal year at 10% MBE and 5% WBE. The targets may be met through the use of prime contractors,

subcontractors, suppliers, joint ventures, or other arrangements that afford meaningful opportunities for M/WBE participation.

- c. Both FMDC and the PMM shall establish policies or rules to implement these programs which shall include a waiver provision for prime contractors who make a good faith effort to attain such targets but do not succeed. They shall also establish enforcement procedures in cooperation with the OSD to assist contractors to meet subcontracting commitments. Their programs shall be reviewed annually to determine whether targets should be modified.
  - d. FMDC and PMM are authorized and directed to identify and consult with such entities as the St. Louis Minority Business Council, the Kansas City Minority Supplier Council and the Kansas City Council of Women Business Owners in identifying M/WBEs to participate in state procurements.
4. OSD shall monitor the programs and work with FMDC and PMM in their implementation. The OSD shall have the following responsibilities and carry out the following tasks:
  - a. to actively recruit, facilitate and serve as a clearinghouse for M/WBE contractors to participate in the programs;
  - b. to cooperate with the PMM and the FMDC in the administration and enforcement of the M/WBE participation programs;
  - c. to cooperate with the PMM and the FMDC in the development of policies, forms, and procedures to carry out the requirements of the M/WBE participation programs;
  - d. to participate in M/WBE target setting;
  - e. to perform fact-gathering and record-keeping to determine both the effectiveness of state participation programs and the availability and utilization of eligible M/WBEs on individual projects, including levels of participation and availability in specific areas;
  - f. to certify contractors as M/WBEs;
  - g. to assess the continuing need for M/WBE participation targets for specific contracting areas;
  - h. to monitor contractor participation with M/WBE targets; and
  - i. to recommend sanctions for contractors who fail to faithfully execute M/WBE participation plans during the course of contract performance.
5. The programs shall be reviewed annually to monitor the level of M/WBE participation achieved in state contracting areas during the previous year. An

assessment of the programs and whether their continuation is necessary shall be delivered to the Governor and the General Assembly. After it is determined that M/WBEs participate in state contracts in a manner commensurate with their presence and capability in the state marketplace, the programs set forth in section 2 will be terminated.

6. Executive Order No. 98-21 (1998) and article II of Executive Order 94-03 (1994) are hereby superseded and replaced by this Executive Order.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Missouri, in the City of Jefferson, on this 8th day of September, 2005.

**PROPOSED AMENDMENT**

**3 CSR 10-9.110 General Provisions; Applications.** The commission proposes to amend section (1) and subsections (3)(D) and (E).

*PURPOSE: This amendment limits the collection and transportation of invertebrate species of concern to those who hold Wildlife Collector's Permits and adds conditions to holding facilities for potentially invasive crayfish and fish species to reduce the threat of escape to state waters.*

*PUBLISHER'S NOTE: The secretary of state has determined that the publication of the entire text of the material which is incorporated by reference as a portion of this rule would be unduly cumbersome or expensive. This material as incorporated by reference in this rule shall be maintained by the agency at its headquarters and shall be made available to the public for inspection and copying at no more than the actual cost of reproduction. This note applies only to the reference material. The entire text of the rule is printed here.*

**(1) Possession of Native Species.**

(A) A maximum of five (5) specimens of any native wildlife not listed in 3 CSR 10-4.110(4) or 3 CSR 10-9.240, except endangered species, bats, hellbenders, and alligator snapping turtles, may be taken and possessed alive by a resident of Missouri without permit, but these animals shall not be bought or sold. Bones, skins, shells and other parts of such wildlife may be possessed for personal use without permit, but these wildlife parts in any form shall not be bought or sold. **Wildlife held under this subsection may not be transported (or shipped) from the state.**

(B) Native invertebrates listed in the January 2005 edition of the Missouri Species and Communities of Conservation Concern Checklist may only be collected and held by holders of a Wildlife Collector's Permit and only as prescribed in 3 CSR 10-9.425. The Checklist is adopted as a part of this Code and by this reference is herein incorporated. A printed copy of this booklet can be obtained from the Missouri Department of Conservation, PO Box 180, Jefferson City, MO 65102-0180 and is online at [www.missouriconservation.org](http://www.missouriconservation.org). This rule does not incorporate any subsequent amendments or additions to the Checklist.

(3) Fish, tiger salamander larvae and crayfish may be bought, sold, transported, propagated, taken and possessed by any person without permit throughout the year in any number or size and by any method providing—

(D) That the privileges of this section do not apply to taking or possession in, on or from waters of the state, waters stocked by the state, or waters subject to movements of fishes into and from waters of the state, except:

1. Animals defined as live bait and possessed under provisions of this section may be possessed on the waters of the state for use as live bait.

2. Fish cultured by a commercial fish producer that remain in a man-made impoundment following inundation by flooding from waters of the state as defined in this Code shall be considered the property of the impoundment owner; provided the remaining fish species are the same as were present in the impoundment prior to inundation. Any other fish species in the impoundment shall be considered the property of the state and not available for sale, and shall be returned unharmed immediately to the waters of the state when harvested.

3. With the written authorization of the director, a privately/-owned impoundment that is entirely confined and located completely upon lands owned or leased by a single person or by two (2) or more persons jointly or as tenants in common or by corporate shareholders, and that is designated as waters of the state, may be used for

the commercial production of species listed in the Approved Aquatic Species List in 3 CSR 10-9.110(3)(F) that were not stocked by the department, provided that:

A. The impoundment owner has in his/her possession a dated, written statement showing the number or weight of each species stocked as proof that such animals were legally obtained from other than waters of the state or from a licensed commercial fisherman.

B. The species being produced may be harvested by the methods and under the conditions specified in the director's written authorization. All other species caught during culture activities must be returned unharmed immediately to the water.

C. Statewide seasons, methods and limits apply for all other species.

(E) That the privileges of this section apply only to the following:

1. Species listed in the Approved Aquatic Species List (excluding transgenic organisms, but including all subspecies, varieties and hybrids of the same bought, sold, transported, propagated, taken and possessed for purposes of aquaculture).

2. Species frozen or processed for sale as food products.

3. Species incapable of surviving in fresh water.

4. **[Species] Fish** held only in aquaria, tanks or other containers having water discharged only into septic systems or municipal waste treatment facilities that are designed and operated according to guidelines of the Missouri Department of Natural Resources **or that entirely recirculate all of the water so that none of it shall drain into a water body.**

5. **Species other than fish held only in aquaria, tanks or other containers that have the following specifications: all containers including the drain pipe or stand pipe must be completely covered with an intact screen of a maximum mesh size of 1/16 inch square, and having water discharged only into septic systems or municipal waste treatment facilities that are designed and operated according to guidelines of the Missouri Department of Natural Resources or that entirely recirculate all of the water so that none of it shall drain into a water body.**

Type of Rulemaking: **Proposed Rule**

Rule Number and Name: **3 CSR 10-10.724 Nonresident Mississippi River Shovelnose Sturgeon Commercial Harvest Permit**

**II. SUMMARY OF FISCAL IMPACT**

Estimate of the number of entities by class which would likely be affected by the adoption of the proposed rule:	Classification by types of the business entities which would likely be affected:	Estimate in the aggregate as to the cost of compliance with the rule by the affected entities:
5 Nonresident commercial fishers		\$12,500

**III. WORKSHEET**

**Title 12—DEPARTMENT OF REVENUE  
Division 10—Director of Revenue  
Chapter 103—Sales/Use Tax—Imposition of Tax**

**PROPOSED RULE**

**12 CSR 10-103.350 Sales Tax on Motor Vehicles**

*PURPOSE: This rule explains the application of sales tax on the sale of motor vehicles as it relates to sections 144.010.1(5), 144.020.1(1), 144.025.1, 144.069 and 144.070, RSMo.*

(1) In general, the sale of motor vehicles and trailers are subject to tax.

(2) Definition of Terms.

(A) Agricultural use—used in cultivating or raising agricultural products.

(B) All-terrain vehicle—any motorized vehicle manufactured and used exclusively for off-highway use which is fifty inches (50") or less in width, with an unladen dry weight of six hundred (600) pounds or less, traveling on three (3), four (4) or more low pressure tires, with a seat designed to be straddled by the operator, and handlebars for steering control.

(C) Grain or livestock produced or raised by the purchaser—means the purchaser of the motor vehicle or trailer has either cultivated the grain or has cared for the livestock.

(D) Highway—any public thoroughfare for vehicles.

(E) Motor vehicle—any self-propelled vehicle not operated exclusively upon tracks, except farm tractors. Off-road utility vehicles are not motor vehicles, but all-terrain vehicles are treated as motor vehicles for purposes of this rule.

(F) Off-road utility vehicle—any motorized vehicle manufactured and used exclusively for off-highway use with a seat that is not designed to be straddled by the operator, and with a steering mechanism other than handlebars.

(G) Trailer—any vehicle without motive power designed for carrying property or passengers on its own structure and for being drawn by a motor vehicle, except those running exclusively on tracks, cotton trailers and manufactured homes.

(H) Vehicle—any mechanical device on wheels, designed primarily for use, or used, on highways, except motorized bicycles, vehicles propelled or drawn by horses or human power, or vehicles used exclusively on fixed rails or tracks, or cotton trailers or motorized wheelchairs operated by handicapped persons.

(3) Basic Application.

(A) Sales tax on motor vehicles and trailers is remitted to the Department of Revenue when submitting the application for title to the department. The applicable tax rate is the rate in effect at the address of the purchaser at the time the application is submitted to the department.

(B) If a person purchases a motor vehicle or trailer, and, before titling and registering it in Missouri, moves and titles it out-of-state within thirty (30) days of the purchase, no Missouri tax is due. If a person registers a motor vehicle or trailer in another state and regularly operates it in such state for at least ninety (90) days prior to registering it in Missouri, no Missouri tax is due. If the vehicle is brought to Missouri within ninety (90) days of registering the motor vehicle or trailer, Missouri tax is due but is reduced by any tax paid to the other state.

(C) A person registered with the department as a motor vehicle leasing company may elect to pay tax on its purchase of a motor vehicle or trailer or may purchase the motor vehicle or trailer without paying tax on the purchase and collect and remit tax on the lease receipts. If the motor vehicle leasing company chooses to pay tax on its purchase rather than the lease receipts, the tax rate it remits is based on the location of the motor vehicle leasing company. If the motor vehicle leasing company elects to collect and remit tax on the lease receipts and the lease is for more than sixty (60) days, tax is due on any down payment and lease receipts based on the address of the lessee. If the lease is for sixty (60) days or less, tax is due based on the location of the motor vehicle leasing company. Once a motor vehicle leasing company makes an election to pay tax on its purchases or to collect and remit tax on its subsequent lease receipts, the election must be the same for all vehicles it purchases for lease. To qualify as a motor vehicle leasing company that will remit tax on lease receipts, the company must first obtain a permit to operate as a motor vehicle leasing company from the department.

(D) When a person trades tangible personal property to a motor vehicle dealer for a motor vehicle or trailer, tax is due on the difference between the price of the motor vehicle or trailer purchased and the amount allowed for the trade-in. If the amount allowed for the trade-in is greater than the purchase price of the motor vehicle or trailer, no tax is due. When a manufacturer's rebate is offered, the tax due is based on the purchase price of the motor vehicle or trailer less the rebate. A trade-in allowance applies only to transactions between a purchaser and a motor vehicle dealer.

(E) Except as provided in subsection (3)(F), if an article is traded for a motor vehicle or trailer, the person trading the article must have paid or otherwise satisfied the tax on the purchase of the article unless the purchase was exempt or excluded from tax.

(F) Grain or livestock raised or produced by a purchaser may be traded for a motor vehicle or trailer, if the motor vehicle or trailer is purchased from a motor vehicle dealer for agricultural use.

(G) If a person purchases or contracts to purchase a motor vehicle or trailer and sells one (1) or more motor vehicles or trailers within one hundred eighty (180) days before or after the purchase or contract to purchase, the person owes tax on the difference between the purchase price and the sale price of the respective motor vehicles or trailers. If the person paid the full amount of the tax on the purchase, the person may obtain a refund of the excess tax paid.

(H) If a person suffers a total insurance loss and subsequently purchases or contracts to purchase a replacement vehicle after the date of loss but no later than one hundred eighty (180) days after the date of the total loss payment, the person can offset the insurance payoff amount plus any deductible against the purchase price and remit tax on the difference. If the vehicle is not covered by insurance, the person must purchase the replacement vehicle within one hundred eighty (180) days of the loss. The person can only offset the loss against the purchase of one (1) replacement vehicle.

(I) If a person who has previously titled and paid tax on a vehicle gives the vehicle to another person, the person must complete a gift statement for the person to whom the vehicle was given to present when titling with the department. No tax is due.

(J) A sale of an all-terrain vehicle by a non-dealer is subject to sales tax if the purchase price is more than three thousand dollars (\$3,000). A sale of an all-terrain vehicle by a non-dealer is not subject to sales tax if the purchase price is three thousand dollars (\$3,000) or less. See 12 CSR 10-103.200.

#### (4) Examples.

(A) A person purchases a vehicle for \$18,000 at the local car dealership. As a part of the transaction, the dealer offers a \$500 rebate and the person trades a vehicle for another \$3,000. The purchaser must pay tax to the Department of Revenue when titling the vehicle on \$14,500 (\$18,000 - \$3,500 = \$14,500). The applicable rate is the rate in effect at the purchaser's address at the time of titling.

(B) A person purchases a vehicle from a dealer for \$25,000 in May. That person pays tax on \$25,000. In June, the person sells a different vehicle for \$15,000 and an outboard motor for \$500. Because the sales took place within 180 days of the purchase of the vehicle, the person can obtain a refund of tax paid on the purchase transaction based upon the \$15,500 received on the sale.

(C) A person is in an accident that results in a total loss of the vehicle. After the loss of this vehicle, the person buys a new vehicle for \$15,000 and pays tax on the full amount when titling the vehicle with the department. Two weeks after purchasing the vehicle, the insurance company pays \$5,000 on the loss of the vehicle. The policy included a \$500 deductible. The person can obtain a refund of tax based upon \$5,500, which includes the \$5,000 paid by the insurance company and the \$500 deductible.

(D) A person owns a motor vehicle. The person buys a second motor vehicle and puts the first motor vehicle on the market. Before the first vehicle is sold, it is in an accident that results in a total loss of the vehicle. Two weeks after the accident, the insurance company pays \$5,000 on the loss of the first vehicle. The person cannot obtain a refund of tax because the person did not purchase a replacement vehicle after the first vehicle was destroyed.

(E) A person is in an accident that results in a total loss of the vehicle. The vehicle was not insured. After the loss of this vehicle, the person buys a new vehicle for \$15,000. The Kelly Blue Book value for the lost vehicle is \$5,000. When titling the vehicle with the department, the person pays tax on \$10,000, which is the \$15,000 cost of the new vehicle less the value of the loss.

(F) A person purchases an all-terrain vehicle from a local dealer. The purchaser must obtain a title and remit tax to the department based on the rate in effect at the purchaser's location at the time of titling.

(G) A business sells an off-road utility vehicle. The utility vehicle

is not a motor vehicle and does not need to be titled. The business must collect and remit tax on the sale.

(H) A person trades in grain valued at \$5,000 to a dealer on the purchase of a cattle trailer valued at \$10,000. The purchaser grew the grain and will use the cattle trailer in its business of raising cattle. The purchaser receives a trade-in credit of \$5,000 on the purchase of the trailer because the purchaser produced the grain and the trailer is used by the purchaser in agriculture.

(I) Same situation as subsection (4)(H), except the purchaser's son produced the grain. The purchaser receives no trade-in credit because the purchaser did not produce the grain that was traded.

(J) A landowner agrees with a local farmer that the farmer can farm some of landowner's land in exchange for 50% of the crops produced on the land. The landowner trades in grain grown by the farmer on the land on the purchase of a horse trailer used in the landowner's breeding operations. The landowner receives a trade-in credit on the purchase of the trailer. The landowner shares the risk of a successful harvest and therefore, is cultivating the grain.

(K) A landowner agrees with a local farmer that the farmer can farm some of landowner's land in exchange for \$1,000. The farmer delivers grain grown on the land valued at \$1,000 in payment of the rent. The landowner trades in the grain on the purchase of a horse trailer used in the landowner's breeding operations. The landowner does not receive a trade-in credit on the purchase of the trailer because the landowner is merely renting land, not cultivating grain.

(L) A farmer sells grain raised by the farmer to an elevator and directs the elevator to pay the farmer for the grain by delivering a check payable to a local motor vehicle dealer. The farmer uses the check to purchase a pickup truck that will be used to haul and carry necessary supplies and materials to and from the farm. The transaction does not qualify for the trade-in allowance because the grain was not traded to the dealer for the truck. Instead, it was sold to the elevator and the proceeds were used to purchase the truck.

(M) An out-of-state motor vehicle leasing company purchases a motor vehicle out of state and leases it to a Missouri resident. The leasing company has elected to pay tax on lease receipts rather than on the purchase. The lease payments are subject to sales tax at the rate in effect at the location of the Missouri resident.

(N) An out-of-state motor vehicle leasing company purchases a motor vehicle out-of-state and leases it to an out-of-state resident. The resident's state requires the leasing company to pay tax on all proceeds under the lease at the time of the lease. During the term of the lease, the lessee moves to Missouri. Under section 144.440, RSMo, the lease payments are subject to highway use tax at the rate in effect at the location of the Missouri resident. The lessor receives credit for any tax paid to another state on the lease receipts.

(O) An individual purchases a used motor vehicle by making a down payment, trading in another vehicle, and using dealer financing for the balance of the purchase price. Prior to titling the vehicle, the dealer repossesses the vehicle for failure to make payments under the financing agreement. The individual still owes sales tax on the purchase of the vehicle unless the dealer agrees in writing to void the sale and return all payments and the trade-in to the purchaser.

(1) In determining eligibility for public assistance, the **Children's Division [of Family Services (DFS)] (FSD)** shall consider property of any kind or character which the claimant owns or possesses or has an interest in, of which s/he is the record or beneficial owner, less encumbrances of record.

(13) Notwithstanding the previously mentioned eligibility requirements with respect to resources, the following will apply to individuals meeting the definition of institutionalized spouses who begin a period of continuous institutionalization on or after September 30, 1989:

(A) As used in this section, the definitions for the following terms shall apply:

1. Assessment shall mean a determination by the **[DFS] FSD** of the total equity value of available resources (as stated in sections (6)–(12)) owned by the institutionalized spouse, the community spouse, or both, which may be requested at the beginning of a period of continuous institutionalization expected to last at least thirty (30) days or more;

2. Community spouse shall mean the husband or wife of an institutionalized spouse who does not reside in a medical hospital or a Medicaid-certified bed in a nursing facility (NF) and, if the institutionalized spouse is one who meets the definition in subparagraph (13)(A)3.C., the community spouse may not be one who meets those criteria;

3. Institutionalized spouse shall mean a claimant who resides in—

A. A medical hospital;

B. A Medicaid-certified bed in an NF, with an expected stay of at least thirty (30) days; or

C. His/her own home and is assessed by the Division of **[Aging] Disability and Senior Services** as needing both an NF level-of-care as defined in **[13 CSR 15-9.030] 19 CSR 30-81.030** and home- and community-based waiver services and is assessed to need these services for at least thirty (30) days, and is married to a person who meets the definition of a community spouse in paragraph (13)(A)2.; and

4. Period of continuous institutionalization shall mean a stay in a medical hospital or Medicaid-certified bed in an NF or when the Division of **[Aging] Disability and Senior Services** determines a need for home- and community-based waiver services which is expected to last thirty (30) days or more; and

(B) The following shall apply with regard to resource eligibility for institutionalized spouses who begin a period of continuous institutionalization on or after September 30, 1989:

1. When an individual meets the criteria in subparagraph (13)(A)3.C., his/her gross monthly income shall be compared to **[eight hundred dollars (\$800)] one thousand twelve dollars**

**(\$1,012)**. If his/her gross monthly income is equal to or less than **[eight hundred dollars (\$800)] one thousand twelve dollars (\$1,012)**, the **[DFS] FSD** shall complete an assessment of assets as defined in paragraph (13)(B)2. When his/her gross monthly income is greater than **[eight hundred dollars (\$800)] one thousand twelve dollars (\$1,012)**, s/he is not eligible for an assessment of assets as defined in paragraph (13)(B)2. **The one thousand twelve dollar (\$1,012) income limit shall be increased each year effective January 1 in accordance with the Social Security cost-of-living adjustment (COLA), beginning in 2006;**

2. At the beginning of the first period of continuous institutionalization, the institutionalized spouse, the community spouse or a representative acting on behalf of either may request an assessment by the **[DFS] FSD** of total equity in available resources owned by either or both in the month in which the period of institutionalization began or, in the case of an institutionalized spouse who meets the definition in subparagraph (13)(A)3.C. and who met that definition prior to January 1, 1993, January 1993 shall be substituted for the month in which the period of institutionalization began;

3. From this total, the **[DFS] FSD** shall compute the spousal share, which shall be the greater of—1) twelve thousand dollars (\$12,000) or 2) one-half (1/2) of the total, not to exceed sixty thousand dollars (\$60,000). The twelve thousand dollar (\$12,000) minimum and the sixty thousand dollar (\$60,000) maximum shall be increased each January in accordance with the increase in the Consumer Price Index, beginning in 1990;

4. In determining initial Medicaid eligibility for the institutionalized spouse in this continuous period of institutionalization, the **[DFS] FSD** again shall determine the total equity in available resources owned by the institutionalized spouse, the community spouse, or both, at the time of Medicaid request. From this total, the **[DFS] FSD** shall deduct the amount of the spousal share as computed in paragraphs (13)(B)2. and 3. If the remainder is equal to or less than the appropriate resource maximum for a single person, the institutionalized individual, to the extent the individual expresses intent to transfer any excess resources to the community spouse, shall be initially eligible for Medicaid on the factor of available resources. Eligibility for Medicaid for individuals described in subparagraph (13)(A)3.C. who become resource eligible using the assessment described in paragraph (13)(B)2. cannot begin prior to the date the individual actually receives home- and community-based waiver services;

5. Any such individual who is determined initially eligible for Medicaid must transfer any resources above the appropriate resource maximum which are held in the individual's name to the community spouse within ninety (90) days of notification of initial eligibility, unless good cause exists;

6. If good cause does not exist, the **[DFS] FSD** shall consider any resources held in the name of the institutionalized spouse, including any jointly-owned resources, in determining continued Medicaid eligibility, effective ninety (90) days after notification of initial eligibility;

7. After the determination of initial eligibility for the institutionalized spouse, no resources of the community spouse not jointly owned with the institutionalized spouse shall be considered available to the institutionalized spouse in Medicaid determinations in that continuous period of institutionalization;

8. If either spouse establishes in a fair hearing that the spousal share (in relation to the amount of income generated by that amount) is inadequate to raise the community spouse's own income to the amount determined in 13 CSR 40-2.200(5)(A), the spousal share may be adjusted to an amount adequate to provide the additional income. **At the fair hearing the maximum amount of the institutionalized spouse's income that may be made available to the community spouse under 42 U.S.C. 1396r-5(d), shall be considered the community spouse's own income; and**

9. If a court has entered an order against an institutionalized spouse for the support of the community spouse, the amount of the order shall be substituted for the spousal share.

2. There shall be at least one (1) professional RN on duty in the ambulatory surgical center at all times a patient is in the facility.

3. Written policies and procedures consistent with generally accepted nursing practices are to be developed for the direction and guidance of nursing personnel.

4. All licensed practical nurses and other nursing personnel involved in patient care shall be under the direct supervision of a professional RN.

5. At least one (1) professional RN other than the individual administering anesthesia shall be available in each operating room during surgical procedures.

6. At least one (1) RN shall be in the recovery room during the patients' postanesthetic recovery period at a ratio of no more than four (4) patients to one (1) nurse.

7. Nursing personnel are to be familiar with the location, operation and use of electrocardiogram (EKG or ECG) equipment, pulse oximeter, blood pressure equipment and emergency and resuscitative equipment.

8. There shall be a mechanism for the review and evaluation on a regular basis of the quality and appropriateness of nursing services.

**9. Policies shall be developed regarding the use of overtime. The policies shall be based on the following standards:**

A. Overtime shall not be mandated for any licensed nursing personnel except when an unexpected nurse staffing shortage arises that involves a substantial risk to patient safety, in which case a reasonable effort must be applied to secure safe staffing before requiring the on-duty licensed nursing personnel to work overtime. Reasonable efforts undertaken shall be verified by the ambulatory surgical center. Reasonable efforts shall include pursuing all of the following:

(I) Reassigning on-duty staff;

(II) Seeking volunteers to work extra time from all available qualified nursing staff who are presently working;

(III) Contacting qualified off-duty employees who have made themselves available to work extra time, per diem staff, float pool and flex team nurses; and

(IV) Seeking personnel from a contracted temporary agency when such staffing is permitted by law or an applicable collective bargaining agreement and when the employer regularly uses a contracted temporary agency;

B. In the absence of nurse volunteers, float pool nurses, flex team nurses or contracted temporary agency staff or if qualified reassignments cannot be made, the ambulatory surgical center may require the nurse currently providing the patient care to fulfill his or her obligations based on the Missouri Nurse Practice Act by performing the patient care which is required;

C. The prohibition of mandatory overtime does not apply to overtime work that occurs because of an unforeseeable emergency or when an ambulatory surgical center and a subsection of nurses commit, in writing, to a set, predetermined staffing schedule or prescheduled on-call time. An unforeseeable emergency is defined as a period of unusual, unpredictable or unforeseeable circumstances such as, but not limited to, an act of terrorism, a disease outbreak, adverse weather conditions, or natural disasters which impact patient care and which prevent replacement staff from reporting for duty;

D. The facility is prohibited from requiring a nurse to work additional consecutive hours and from taking action against a nurse on the grounds that a nurse failed to work the additional hours or when a nurse declines to work additional consecutive hours beyond the nurse's predetermined schedule of hours because doing so may, in the nurse's judgement, jeopardize patient safety;

E. Subparagraph 19 CSR 30-30.020(1)(C)9.D. is not applicable if overtime is permitted under subparagraphs 19 CSR 30-30.020(1)(C)9.A., B., and C; and

F. Nurses required to work more than twelve (12) consecutive hours under subparagraphs 19 CSR 30-30.020(1)(C)9.A., B., or C. shall be provided the option to have at least ten (10) consecutive hours of uninterrupted off-duty time immediately following the worked time.

(E) Anesthesia Service.

1. The anesthesia service shall be under the direction of an anesthesiologist or a physician with training or experience in the administration of anesthetics. The clinical privileges of qualified anesthesia personnel shall be reviewed by the director of anesthesia service and the medical staff and approved by the governing body.

2. An anesthesiologist or physician with training or experience in the administration of anesthetics shall be on the premises and readily accessible during the administration of anesthetics whether local, general or intravenous sedation and the postanesthetic recovery period until all patients are alert or medically discharged. Qualified anesthesia personnel shall be present in the room throughout the conduct of all general anesthetics, regional anesthetics and monitored anesthesia care and shall continually evaluate the patient's oxygenation, ventilation, circulation and temperature. Oxygen analyzers, pulse oximeter and electrocardiography equipment shall be available.

3. Policies and procedures on the administration of anesthetics and drugs which produce conscious and deep sedation shall be developed by the medical staff in consultation with at least one (1) anesthesiologist and approved by the governing body.

4. Prior to undergoing general anesthesia, patients shall have a history and physical examination by a physician on the patient's record including the results of any necessary laboratory examinations. Each administration of a regional, general or intravenous sedation anesthetic shall be ordered by an anesthesiologist or a physician with training and experience in the administration of anesthetics. The patient records shall contain a preanesthetic evaluation and a postanesthetic note by qualified anesthesia personnel.

5. Periodic inspections shall be made of all areas where flammable anesthetics are administered or stored to insure safeguards are being observed by personnel and equipment meets safety standards. A written record of inspections shall be kept. If the administration of the facility provides written assurance to the Department of Health and Senior Services that no flammable anesthetics will be administered and the area is posted to that effect, safety inspections will not be required.

6. All anesthetics shall be administered by anesthesiologists, physicians with training or experience in the administration of anesthetics, *[or]* certified registered nurse anesthetists **or anesthesiologist assistants**, except for local anesthetic agents which may be administered by the attending physician, dentist or podiatrist. **Notwithstanding the provisions of sections 334.400 to 334.430, RSMo, or the rules of the Missouri State Board of Registration for the Healing Arts, the governing body of every ambulatory surgical center shall have full authority to limit the functions and activities that an anesthesiologist assistant performs in such ambulatory surgical center. Nothing in this paragraph shall be construed to require any ambulatory surgical center to hire an anesthesiologist who is not already employed as a physician prior to August 28, 2003.**

7. Written procedures and criteria for discharge from the recovery service shall be approved by the medical staff.

8. There shall be a mechanism for the review and evaluation on a regular basis of the quality and scope of anesthesia services.

(K) Infection Control.

1. There shall be an active multidisciplinary infection control committee responsible for implementing and monitoring the infection control program. *[This]* The committee shall include, *[a person assigned primary responsibility for the program as well as medical staff participation and review of findings.]* but not be limited to, the infection control officer, a member of the medical staff, registered professional nursing staff, quality improvement staff and administration. *[The]* This program shall include measures for *[presenting,]* preventing, identifying, and investigating *[,]* healthcare-associated infections and shall establish procedures for: collecting data, conducting root cause analysis, reporting sentinel events and *[controlling infections.]* implementing corrective actions. These measures and procedures shall be applied throughout the ambulatory surgical center, included as part of the employee health program.

2. The ambulatory surgical center shall provide reports to the department as required by 19 CSR 10-33.050.

3. The infection control committee shall conduct an ongoing review and analysis of healthcare-associated infections (HAI) data and risk factors. Priorities and goals related to preventing the acquisition and transmission of potentially infectious agents will be established based on risks identified.

*[2.]* 4. *[Approved]* Ambulatory surgical centers shall implement written policies and procedures outlining infection control measures *[, aseptic techniques and a]* for all patient care and support departments. These measures shall include, but are not limited to, an ambulatory surgical center-wide hand hygiene program that complies with the current Center for Disease Control and Prevention (CDC) *Guideline for Hand Hygiene in Health-Care Settings*, which is incorporated by reference in this rule. A copy of the CDC *Guideline for Hand Hygiene in Health-Care Settings* may be obtained from the Superintendent of Documents, U.S. Government Printing Office (GPO), Washington, DC

20402-9371; telephone: (202) 512-1800. This rule does not incorporate any subsequent amendments or additions. At a minimum, the program shall require every health care worker to properly wash or sanitize his or her hands immediately before and immediately after each and every patient contact. Procedures shall include, at a minimum, requirements for the facility's infection control program to conduct surveillance of personnel. At least a portion of this surveillance must be done in such a manner that employees and medical staff are observed without their knowledge of such observation. Surveillance procedures also may include monitoring the employees' and medical staff's use of hand hygiene products. A mechanism for reporting and monitoring infections shall be developed *[,]* and implemented for all patient care and support departments in the ambulatory surgical center.

*[3.]* 5. Orientation and ongoing education shall be provided to all personnel on the cause, effect, transmission and prevention of infections.

*[4.]* 6. There shall be a mechanism for the review and evaluation on a regular basis of the quality and effectiveness of infection control throughout the facility.

86 ambulatory surgical centers X 7.5 additional hours per inspection X \$31.25 hourly rate for inspection staff (includes fringe) \$20,156 annually

**IV. ASSUMPTIONS**

**DEPARTMENT OF HEALTH AND SENIOR SERVICES COSTS**

The DHSS estimates that these regulatory changes would result in adding an average of 7.5 additional hours of inspection time for each of the 86 ambulatory surgical centers. This additional time for inspections includes write-up and follow-up time in addition to the additional time at the facility. These changes will result in the need for an additional 645 hours of employee time. The estimated hourly rate of inspection staff is \$21.95. Factoring in fringe benefits at 42.38% gives an hourly rate of \$31.25. Additional inspection costs are therefore estimated at \$20,156 annually.

This estimate does not include the investigation of any complaints that might be reported as a result of the regulatory changes. It is impossible to estimate the number of possible complaints or the amount of time they might take to investigate.

#### IV. ASSUMPTIONS

There are eighty-six (86) state licensed ambulatory surgical centers (ASC). All the licensed ASCs are private entities.

The Department of Health and Senior Services contacted 10% of the 86 licensed ASCs (9 facilities) to obtain information on number of employees. We obtained an average facility number based on this sample which we applied to the entire universe of 86 ASCs.

The proposed amendment includes three components:

1. **Nosocomial infection requirements:**

One-time costs: ASCs would incur a one-time cost to develop and/or revise policies and procedures to meet the requirements of the amended rule as well as educate staff and physicians about the changes. We estimate these costs would average \$2,500 per facility.

Annual costs: ASCs would incur annual costs related to compensation and education of an infection control officer and for additional staff to conduct root cause analysis and monitor compliance with hand-washing requirements.

Additional compensation and education for an infection control officer: We estimate the cost at \$7,500 per ASC.

Conducting root cause analysis: We estimate that all 86 licensed ASCs would need additional training on root cause analysis at a cost of approximately \$500 annually per ASC. The assumption is made that the actual root cause analysis function would be performed by the infection control officer and the infection control committee. The current regulatory requirements for ASCs already require that there be an active multidisciplinary infection control program, so no additional costs, other than training, are assumed.

Monitoring compliance with hand-washing requirements: A randomly selected sample of 10% of the 86 licensed ASCs (9 facilities) was contacted by telephone. This sample indicated an average of 15.89 physician/dentist/podiatrist staff at each facility. If applied to the entire number of 86 licensed ASCs, this results in 1,367 physician/dentist/podiatrist staff. The sample indicated an average of 8.44 licensed nursing personnel for an estimated 726 total. The sample indicated an average of .2 certified, but unlicensed, patient care personnel, for an estimated total of 17. The sample indicated an average of 2.22 unlicensed and uncertified patient care staff, for an estimated 191 total. The estimated grand total of patient care staff for all 86 ASCs is 2,301. If 50 percent or 1,151 of these staff were observed once during the year for 10 minutes each, an estimated 192 additional staff hours would be required to conduct hand washing surveillance ((1,151 staff observed X 10 minutes)/60 minutes per hour). The average hourly rate for a staff RN, per MHA's 2004 annual compensation survey is \$21.80; including an additional 25 percent for benefits would give an hourly rate of \$27.25 for a total annual observation cost for all 86 ASC's of \$5,232.

2. **Overtime for nurses:**

ASCs would incur a one-time cost to revise their nursing policies regarding overtime and to educate staff in order to comply with the proposed amendment. We estimate a one-time average cost of \$500 per ASC.

Per information obtained from the Missouri Ambulatory Surgery Center Association, overtime is not widely used in ambulatory surgery centers. Therefore, it is believed that the annual cost to meet the requirements specified in the rule, whether through the ASC's own staff or through staffing agencies, is either \$0 for those facilities that do not use overtime or is already being incurred by the ASCs, and the proposed amendment would not increase the cost.

3. **Anesthesiologist Assistants**

The proposed amendment provides ASCs with the ability to allow anesthesiologist assistants to administer anesthesia, if an ASC so chooses. Since there is no requirement that the ASC do so, there is no cost associated with the amendment.

By the authority vested in the director of the Division of Medical Services under section 208.201, RSMo 2000, the director hereby amends a rule as follows:

**13 CSR 70-3.030 is amended.**

Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Division of Medical Services (DMS) received approximately three (3) written comments on this proposed amendment.

COMMENT: There were two (2) comments received from the Missouri Health Care Association and the National Association of Chain Pharmacies that expressed concern about Medicaid provider manuals being incorporated by reference.

RESPONSE AND EXPLANATION OF CHANGE: Section (1) gives an effective date of June 15, 2005 and states it does not incorporate any subsequent amendments or additions. We understand that changes made to the manual must be amended pursuant to Chapter 536. Section (1) is being amended to eliminate the sentence that says, "The division reserves the right to affect changes in services, limitations, and fees with notification to providers." Section (3) Program Violations, subsection (7) is also being amended to eliminate the sentence that says, "The division reserves the right to affect changes in services, limitations, and fees with notification to providers."

COMMENT: There was one (1) comment received from the Missouri Health Care Association on section (2) pertaining to documentation requirements "at the time the service was performed or within seventy-two (72) hours of the time the service was provided" impacting the "Private Cost" of this amendment. The concern noted that long-term care facilities currently do not normally document "the need for these specific service(s) in relationship to the Medicaid recipient's treatment plan . . ." and documentation of "the Medicaid recipient's progress toward the goals stated in the treatment (progress notes) . . ." although they may be constructively contained in the entire medical record of the resident.

RESPONSE AND EXPLANATION OF CHANGE: Section (2) has been changed to replace paragraph (A)11. with the following statement, "Long-term care facilities shall be exempt from the seventy-two (72)-hour documentation requirements rules applying to paragraphs (2)(A)9. and (2)(A)10. However, applicable documentation should be contained and available in the entirety of the medical record." The original paragraph (2)(A)11. is renumbered as (2)(A)12.

COMMENT: One (1) comment was received from the Missouri Health Care Association, which stated that the "state contract or agreement" should be limited to the "provider agreement" between the Department of Social Services, Division of Medical Services and the provider.

RESPONSE AND EXPLANATION OF CHANGE: Section (3), Program Violations paragraph (A)37. has been changed to recognize the provider agreement to be the Missouri Department of Social Services, Division of Medical Services Title XIX Participation Agreement with the provider.

COMMENT: One (1) comment was received from the Missouri Health Care Association concerning potential increases in private costs to long-term care facilities if section (2) was changed.

RESPONSE: Section (2) has been revised as described in a previous comment so this concern has been addressed.

COMMENT: One (1) comment was received from the National Association of Chain Pharmacies with the concern that a provision appears to bar reimbursement for pharmacy services rendered by a pharmacy practitioner acting under the direction or supervision of a pharmacist enrolled in the Medicaid program.

RESPONSE: Medicaid does not enroll individual pharmacists; the pharmacy is enrolled. No changes have been made to the rule as a result of this comment.

COMMENT: One (1) comment was received from the National Association of Chain Pharmacies with the concern that a provision would identify as a "false claim" a claim for a prescription dispensed for a higher number of units than is ordered by the prescribing provider, even if that prescription was subsequently modified by

mutual consent of the prescribing and dispensing providers due to the shortage or nonexistence of the prescribed dosage.

RESPONSE: Any change or alteration made to the prescription dispensed, based on contact with the prescriber, must show a clear audit trail. No changes have been made to the rule as a result of this comment.

### **13 CSR 70-3.030 Sanctions for False or Fraudulent Claims for Title XIX Services**

(1) Administration. The Missouri Medicaid program shall be administered by the Department of Social Services, Division of Medical Services. The services covered and not covered, the limitations under which services are covered, and the maximum allowable fees for all covered services shall be determined by the division and shall be included in the Medicaid provider manuals, which are incorporated by reference and made a part of this rule as published by the Department of Social Services, Division of Medical Services, 615 Howerton Court, Jefferson City, MO 65102, at its website [www.dss.mo.gov/dms](http://www.dss.mo.gov/dms), June 15, 2005. This rule does not incorporate any subsequent amendments or additions.

(2) The following definitions will be used in administering this rule:

(A) Adequate documentation means documentation from which services rendered and the amount of reimbursement received by a provider can be readily discerned and verified with reasonable certainty. Adequate medical records are records which are of the type and in a form from which symptoms, conditions, diagnosis, treatments, prognosis and the identity of the patient to which these things relate can be readily discerned and verified with reasonable certainty. All documentation must be made available at the same site at which the service was rendered. An adequate and complete patient record is a record which is legible, which is made contemporaneously with the delivery of the service, which addresses the patient/client specifics, which include, at a minimum, individualized statements that support the assessment or treatment encounter, and shall include documentation of the following information:

1. First name, and last name, and either middle initial or date of birth of the Medicaid recipient;
2. An accurate, complete, and legible description of each service(s) provided;
3. Name, title, and signature of the Missouri Medicaid enrolled provider delivering the service. Inpatient hospital services must have signed and dated physician or psychologist orders within the patient's medical record for the admission and for services billed to Missouri Medicaid. For patients registered on hospital records as outpatient, the patient's medical record must contain signed and dated physician orders for services billed to Missouri Medicaid. 1. Presenting, or causing to be presented, for payment any false or fraudulent claim for services or merchandise in the course of business related to Medicaid;

2. Submitting, or causing to be submitted, false information for the purpose of obtaining greater compensation than that to which the provider is entitled under applicable Medicaid program policies or rules, including, but not limited to, the billing or coding of services which results in payments in excess of the fee schedule for the service actually provided or billing or coding of services which results in payments in excess of the provider's charges to the general public for the same services or billing for higher level of service or increased number of units from those actually ordered or performed or both, or altering or falsifying medical records to obtain or verify a greater payment than authorized by a fee schedule or reimbursement plan;

Copies of records must be provided upon request of the Medicaid agency or its authorized agents, regardless of the media in which they are kept. Failure to make these records available on a timely basis at the same site at which the services were rendered or at the provider's address of record with the Medicaid agency, or failure to provide copies as requested, or failure to keep and make available adequate records which adequately document the services and payments shall constitute a violation of this section and shall be a reason for sanction. Failure to send records, which have been requested via mail, within the specified time frame shall constitute a violation of this section and shall be a reason for sanction;

5. Failing to provide and maintain quality, necessary and appropriate services, including adequate staffing for long-term care facility Medicaid recipients, within accepted medical community standards as adjudged by a body of peers, as set forth in both federal and state statutes or regulations. Failure shall be documented by repeat discrepancies. The discrepancies may be determined by a peer review committee, medical review teams, independent professional review

This will include inappropriate or improper actions relating to the management of recipients' personal funds or other funds;

14. Exclusion from the Medicare program or any other federal health care program;

15. 27. Making any payment to any person in return for referring an individual to the provider for the delivery of any goods or services for which payment may be made in whole or in part under Medicaid. Payment includes, without limitation, any kickback, bribe or rebate made, either directly or indirectly, in cash or in-kind;

28. Billing for services, through an agent, which were upgraded from those actually ordered, performed; or billing or coding services, either directly or through an agent, in a manner that services

are paid for as separate procedures when, in fact, the services were performed concurrently or sequentially and should have been billed or coded as integral components of a total service as prescribed in Medicaid policy for payment in a total payment less than the aggregate of the improperly separated services; or billing a higher level of service than is documented in the patient/client record; or unbundling procedure codes;

29. Conducting civil or criminal fraud against the Missouri Medicaid program or any other state Medicaid (medical assistance) program, or any criminal fraud related to the conduct of the provider's profession or business;

30. Having sanctions or any other adverse action invoked by another state Medicaid program;

31. Failing to take reasonable measures to review claims for payment for accuracy, duplication or other errors caused or committed by employees when the failure allows material errors in billing to occur. This includes failure to review remittance advice statements provided which results in payments which do not correspond with the actual services rendered;

32. Submitting improper or false claims to the state or its fiscal agent by an agent or employee of the provider;

33. For providers other than long-term care facilities, failing to retain in legible form for at least five (5) years from the date of service, worksheets, financial records, appointment books, appointment calendars (for those providers who schedule patient/client appointments), adequate documentation of the service, and other documents and records verifying data transmitted to a billing intermediary, whether the intermediary is owned by the provider or not. For long-term care providers, failing to retain in legible form, for at least seven (7) years from the date of service, worksheets, financial records, adequate documentation for the service(s), and other documents and records verifying data transmitted to a billing intermediary, whether the intermediary is owned by the provider or not. The documentation must be maintained so as to protect it from damage or loss by fire, water, computer failure, theft, or any other cause;

34. Removing or coercing from the possession or control of a recipient any item of durable medical equipment which has reached Medicaid-defined purchase price through Medicaid rental payments or otherwise become the property of the recipient without paying fair market value to the recipient;

## Title 13—DEPARTMENT OF SOCIAL SERVICES

### Division 70—Division of Medical Services

#### Chapter 4—Conditions of Recipient Participation, Rights and Responsibilities

#### ORDER OF RULEMAKING

By the authority vested in the director of the Division of Medical Services under sections 208.152, RSMo Supp 2004 and 208.152 as enacted by the 93rd General Assembly and 208.201, RSMo 2000, the director hereby amends a rule as follows:

13 CSR 70-4.050 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on June 15, 2005 (30 MoReg 1350-1353). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

**SUMMARY OF COMMENTS:** The Division of Medical Services (DMS) received three (3) written comments regarding this proposed amendment.

**COMMENT:** The Missouri State Medical Association commented that they recognized that Senate Bill 539 granted Medicaid officials the statutory authority to implement changes to copayments due from Medicaid patients but that they continue to oppose the changes. It was the opinion of the Missouri State Medical Association that Medicaid copayments are nothing short of cost shifting, laying the state's burden on the backs of physicians and other Medicaid providers. According to the association, Missouri's Medicaid physician fees are among the lowest in the nation, often amounting to less than thirty-five (35) cents for every dollar it costs to provide the service. If the rule is changed to deduct patient copayment amounts from physician fees—whether or not the physician collects the copayment—there is a very good chance many physicians will choose to leave the Medicaid program, argues the Association. Physicians leaving the Medicaid program will create a terrible access problem for Medicaid patients, which will ultimately force many Medicaid recipients to visit expensive hospital emergency rooms for their basic health care needs, in the opinion of the Association. The Missouri State Medical Association respectfully urged the division to consider amending the rule to clarify that Medicaid will withhold copayment amounts only after the physician has collected them from the patient.

**RESPONSE:** Missouri will not receive federal financial participation for cost sharing amounts that "recipients should have paid" as copayments, in accordance with 42 *Code of Federal Regulations* 447.59. No changes have been made to the rule as a result of this comment.

**COMMENT:** One (1) comment from division staff noted that the list of services that required a copayment included optional Medicaid services that have been eliminated by the General Assembly.

RESPONSE AND EXPLANATION OF CHANGE: Section (1) will be amended to clarify which services will require a copayment from groups that are not exempted from the requirement in section (7).

COMMENT: One (1) comment from division staff noted that the list of exemptions to the copayment requirement was not complete.

RESPONSE AND EXPLANATION OF CHANGE: Section (7), renumbered from section (8), will be amended to correct the list of exemptions to the copayment requirement.

COMMENT: When reviewing the *Missouri Register* of June 15, 2005, page 1351, to formulate the order of rulemaking for 13 CSR 70-4.050 the division discovered an error in the authority section; section 208.152 had been transposed to 208.215.

RESPONSE AND EXPLANATION OF CHANGE: The authority section will be corrected.

**Title 4—DEPARTMENT OF ECONOMIC  
DEVELOPMENT  
Division 100—Division of Credit Unions**

**ACTIONS TAKEN ON APPLICATIONS FOR NEW  
GROUPS OR GEOGRAPHIC AREAS**

Pursuant to section 370.081(4), RSMo 2000, the director of the Missouri Division of Credit Unions is required to cause notice to be published that the director has either granted or rejected applications from the following credit unions to add new groups or geographic areas to their membership and state the reasons for taking these actions.

The following applications have been granted. These credit unions have met the criteria applied to determine if additional groups may be included in the membership of an existing credit union and have the immediate ability to serve the proposed new groups or geographic areas. The proposed new groups or geographic areas meet the requirements established pursuant to 370.080(2), RSMo 2000.

Credit Union	Proposed New Group or Geographic Area
Edison Credit Union 4200 E. Front Street Kansas City, MO 64120	Active or retired employees of Waller Logistics, Inc. and Waller Truck Company, Inc.

**MISSOURI DIVISION OF CREDIT UNIONS**

**APPLICATION TO EXPAND THE FIELD OF MEMBERSHIP  
OF EDISON CREDIT UNION**

**FINDINGS OF FACT AND CONCLUSIONS OF LAW**

1. The application to expand the field of membership was received by the director, Division of Credit Unions on June 24, 2005.
2. The application was submitted in the required format and on July 5, 2005 was deemed to be complete.
3. Credit Union by resolution of their Board of Directors dated June 21, 2005 with said resolution submitted with the field of membership application, will expand their field of membership only by employee groups (RSMo 370.081.4; 370.080.2).
4. The application to expand the Edison Credit Union's field of membership is for active or retired employees of Waller Logistics, Inc. and Waller Truck Company, Inc. According to the application, there are approximately 212 employees within the applicant group; therefore provisions of RSMo 370.081.2 and 4 CSR 105-3.040 Exemptions from Limitations on Groups are not applicable.
5. After review of Edison Credit Union's most recent Supervisory Examination Report and the June 30, 2005 call report, the director is satisfied that the credit union is operating in a safe and sound man-

ner and there are no adverse conditions or regulatory concerns. (4 CSR 105-3.020 Criteria for Additional Membership Groups (1)(A)).

6. Edison Credit Union's net worth as reported on the December 31, 2004 call report is 13.01%. The director finds Edison Credit Union is adequately capitalized. (4 CSR 105-3.020 Criteria for Additional Membership Groups (1)(B)).

7. After review of Edison Credit Union's business plan submitted as part of the field of membership application, June 30, 2005 call report, and the most recent Supervisory Examination Report, the director finds this credit union has the administrative capability and the financial resources to serve the proposed groups. (4 CSR 105-3.020 Criteria for Additional Membership Groups (1)(C)).

8. That the formation of a separate credit union by these small groups is not practical and consistent with reasonable standards for the safe and sound operation of a credit union. (4 CSR 105-3.020 Criteria for Additional Membership Groups (1)(D)).
